

## JILTED GIRL GETS HEAVY DAMAGES

Miss Mattes Given \$25,000  
As Balm to Wounded  
Heart.

CHICAGO, Ill., April 16.—After a sensational trial in which characters were assailed, lawyers almost came to blows a dozen times, and witnesses were asked for half a dozen witnesses for perjury, a jury has returned a verdict of \$25,000 damages for breach of promise for Miss Mary Mattes, against Hugh Crabbe, who was once manager of the L. Z. Leiter estate.

"Happy?" cried Miss Mattes, in answer to a question. "Of course I'm happy. Wouldn't you be happy if your character had been assailed in the brutal way mine has been, and then you won such a victory as this over those who were against you? I'm vindicated, and I'm so happy."

Mr. Litsinger, her lawyer, said: "It's the biggest verdict ever given in a similar case in this country, as far as I can learn." He said the reason the jury found as they did was, of course, due to the bitter assaults made on Miss Mattes by witnesses for Mr. Crabbe.

On the witness stand Miss Mattes testified she had met Mr. Crabbe first at Ziegler, and that after they both came to Chicago, she was engaged to him. On one occasion, she said, she went with Mr. Crabbe to his apartment under a misapprehension, and there, according to her story, she was attacked, made unconscious by striking her head against a mantel and found herself still in the room in the early morning. Mr. Crabbe, she said, had promised to make amends by marrying her, but instead he had married another.

For the defense a woman detective testified that Miss Mattes had said she hoped to get a large amount of money from Crabbe that she and her sweetheart might be married and take a trip to Europe.

## WOMAN'S BODY PREY TO HOGS IN FIELD

Supposed She Fell and Perished,  
and Was Attacked By  
Beasts.

ELKTON, Md., April 16.—Miss Eliza J. Woods, seventy-five years old, is dead today at the home of her nephew, Harry S. Davis, at Northeast.

Henry W. Fredericks, on visiting an open field on his farm at Chesapeake, Cecil county, discovered the body of Miss Woods, which had been partly eaten by hogs.

Miss Woods resided on her farm of forty-five acres, and was seen last night crossing the field. It is thought she became bewildered in the darkness and fell in crossing the fence, where she evidently perished, and the body was attacked by the hogs.

## FIRST BAND CONCERT TO BE GIVEN TOMORROW

Philippine Musicians Will  
Open the American  
Lunetta.

COLONEL COSBY  
LAYS DOWN LAW

Carriages Must Be Parked in  
Designated Places to Pre-  
vent Confusion.

The new bandstand on Riverside Drive, Potomac Park, around which it is believed Washington society will eventually evolve an American Hyde Park, or Lunetta, or Malecon, will be used for the first time tomorrow afternoon. The Philippine Constabulary Band, which has experience in playing for society over on the Lunetta in Manila, will play. The concert will begin at 5 p. m., and there will be eight selections.

Col. Spencer F. Cosby, superintendent of public buildings and grounds, under whose direction the stand has been constructed, is not certain what will be done in the matter of seats. For the concert tomorrow, he said, there will be a few benches, which he hopes will be given up to women and men who are old enough to need them.

Since the bandstand is quite a distance from accessible car line it is possible that the attendance of persons who would come on foot will not be large. Until after the first concert there is no way of estimating the crowd. What arrangements may be made for next Wednesday's concert and for others after that Colonel Cosby had not considered. Within a short time the new bridge, which is to span the waterway between the Tidal Basin and the Potomac, will be completed, and then the band stand will be within a few minutes' walk of the Mt. Vernon electric.

Park policemen will keep order tomorrow among those who come on foot and mounted and bicycle policemen will look after the vehicular traffic. Colonel Cosby has promulgated the following rules for vehicles:

"Vehicles will be permitted to park in two rows on the side of the road nearest the band stand and all facing in the direction in which they enter the park from Seventeenth street.

"Next to the parked vehicles will be a line of vehicles that must be kept constantly moving in the direction in which they entered the park from Seventeenth street.

"On the side of the road furthest from the bandstand will be a line of vehicles which must be kept constantly moving in the opposite direction to those in section two.

"Vehicles will be allowed to change direction only at the points marked by mounted police."

The Constabulary Band will give a concert Sunday evening in the Belasco Theater, when a program of unusual features will be given. In the list of numbers are several unique arrangements of well-known compositions which the band has made popular in Manila.

The concert of Sunday night will probably be the last opportunity Washington music lovers will have to hear

## FORTY-SIX REASONS GIVEN BY COOPERS

Men Sentenced For Carmack Mur-  
der Allege Errors of Trial  
Judge.

NASHVILLE, Tenn., April 16.—Forty-six reasons are given by the attorneys for Col. Duncan B. Cooper and his son Robin Cooper why the verdict of the jury sentencing them to twenty years' imprisonment for the murder of former Senator Carmack should be set aside.

Their motion for a new trial has been filed in the criminal court. Alleged errors of the trial judge are given as the principal reasons.

## THE BLUEFRONT MARKET

## A HEALTH DEPT. WARNING

**Dr. Woodward Says:**

"No person shall expose for sale on any public highway or in any uninclosed market, store, shop, stand, or stall, or on any open lot, in the District, any meat, fish, plucked poultry or game birds, dressed rabbit, or squirrel, butter, lard, compound, or substitute, cheese, or any food whatsoever unless the same be effectually and in a cleanly manner wrapped or covered and inclosed, so as to protect it from dust and insects.

"No person shall expose for sale in any place aforesaid, between April 1 and October 31, inclusive, of any year, any FRESH MEAT OR FRESH FISH, unless said meat or fish, while thus exposed be kept at a temperature of not exceeding 50 DEGREES FAHRENHEIT."

The regulations are aimed at CERTAIN MARKET MEN WHO EXPOSE THEIR WARES FOR SALE WITHOUT HAVING THEM PROPERLY PROTECTED FROM THE DUST OF THE STREET AND FROM FLIES.

"This dirt," said Dr. Woodward, "is made up to a considerable extent of matter of the most offensive character, which tends to promote decomposition. Observations made by the health department show the necessity for compelling the adoption of such measures.

## SAILORS STRIKE ON GREAT LAKES

Refuse to Work on Vessels  
of Lake Carriers' Asso-  
ciation.

BUFFALO, N. Y., April 16.—The strike of the sailors on the Great Lakes, or rather their refusal to report for work, is now in effect. Fully 15,000 men, from engineers to deck hands, are affected by the decision of the organizations not to operate boats belonging to members of the Lake Carriers' Association until its avowed purpose to enforce an open shop on the Great Lakes boats is abandoned. This strike is peculiar in that the men have not yet gone to work.

How effective the embargo will be cannot be accurately determined until the ice conditions permit the boats to sail. The insurance on Lake vessels became effective last night and navigation formally opens today. Some boats, with non-union crews, may try to get out of port this afternoon.

All along the docks the unions have pickets placed to intercept strikebreakers and persuade them to leave the boats.

The backbone of the strike may prove to be the engineers, whose organization has declared against any member signing contracts containing a clause declaring against the closed shop.

### 79c Tomorrow

For \$1.50 Silk Hose

The chief of this department returned from New York yesterday and reports that these hose are temporarily retailing in three great department stores at \$1.25—a special sale price which is creating a furore.

### Here Tomorrow at 79c Pair

Let's demonstrate that they are worth \$1.50 pair—they are made of pure silk, are ingrain dyed, have double soles, high spliced heels, reinforced toes, and garter tops. Come in plain and lace effects, in the scarce bronzes, tans, all the dress goods shades, black, and white.

### Compare Them With Usual \$1.00 and \$1.25 Hose

The stockings usually sold at \$1.00 are plaited silk, which means interwoven with cotton, dipped into the dye after making. The usual \$1.25 are spun silk, which means that short ends are utilized. The stockings sold at \$1.50 are pure silk, in long threads, which being dyed before weaving, assure superior brilliancy and greater durability than when dipped after weaving. With \$1.25 instead of \$1.50 the special sale price at New York's greatest department stores, and with 79c the special price here, the Palais Royal's claim of less than New York prices is once more startlingly illustrated.
